Art Unit: 1771

1. Claims 11-23, 32 and 33 have been canceled in the transmittal of new application filed on 07/09/03.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-10, and 34 drawn to a necked laminate, classified in class 428, subclass 304.4+.
 - II. Claims 24-31, drawn to a method for making a neck laminate, classified in class 156, subclass various.

It is noted that claim 31 is being grouped with the method claims because it is dependent upon a method claim and is not written in proper product-by-process form.

The inventions are distinct, each from the other because of the following reasons:

Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case, the product as claimed can be made by another and materially different process such as stretching the neckable material and non-elastic film prior to attachment.

Art Unit: 1771

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

A telephone call was made to Christos S. Kyriakou on 05/11/04 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hai Vo whose telephone number is (571) 272-1485. The examiner can normally be reached on M,T,Th, F, 7:00-4:30 and on alternating Wednesdays.
